

Be A Part of History... Put Your Name on the Walk of Fame!

Have you ever wanted to help children's dreams come true and provide them with the hope and vision of going to college? Well, now is your chance to not only help Alhambra students, but for you and your family to make history! The Alhambra Foundation for the Future is launching a unique project that will help thousands of children achieve their goals of going to college.

The Alhambra School District is constructing a brick pathway that will adorn the front entrance of the District's new Board Room/Conference Center. Individuals or organizations wishing to donate money to the Alhambra Foundation for the Future will have an engraved brick placed in the walkway. The inscription can include a person's name, a family's name, or in memory of a loved one to name a few examples.

The brick pathway is designed with individual bricks, 15 small stars made out of concrete, and 1 large star with multiple bricks. In recognition of your donation, bricks will be engraved in the following manner: \$100 – individual engraved brick; donations of \$500 – engraved brick in the large star; and donations of \$1,000 – 1 of 24 engraved concrete stars. Contributions can be made by check or credit card.

We hope you will join us in helping guide our students on the road of success by putting your name on Alhambra's walk of fame. To make a contribution and for more information, please complete the form below and return it to Jane Tracy, Alhambra School District, 4510 N. 37th Ave., Phoenix, AZ 85019. For more information, call 602-336-2202.
