Media Release for Free and Reduced-Price Meals

Alhambra Elementary School District No. 68 announced its policy for providing free and reduced-price meals for children served under the National School Lunch Program, USDA School Foods Program and School Breakfast Program. Alhambra Elementary School District offers healthy meals every school day. Your children may qualify for free meals or for reduced price meals. Reduced price is \$.40 for lunch and \$2.30 for a paid lunch. The district currently participates in a Special Assistance Program and Breakfast in the Classroom; breakfast is offered at no charge at all school sites.

To apply for free or reduced-price meals, visit: <https://family.titank12.com/6TR85Q> from any computer or mobile device, and click on "Apply Today" to get started. The online application is available in English and in Spanish. Postcards are being distributed to all households informing households of the availability of free and reduced-price meals for their children. Those that need assistance or do not have a computer or mobile device to complete the application online are advised to visit their local school office for computer accessibility. The information households provide on the application will be used for the purpose of determining eligibility and verification of data. Applications may be verified at any time during the school year by school or other program officials. An application for free or reduced price benefits cannot be approved unless it contains complete eligibility information as indicated on the application and instructions.

"Everyone Matters"

Qualifications for children to receive free or reduced price meals include: belonging to a household whose income is at or below the Federal Income Eligibility Guidelines, belonging to a household that receives public assistance, or if the child is homeless, migrant, runaway, foster, or participates in a Head Start or Even Start pre-Kindergarten program.

Household size and income criteria are used to determine eligibility for free and reduced-price benefits if the household does not receive assistance or the children are not in the other categories mentioned above. Children can get free or reduced-price meals if the household's gross income falls at or below the limits on the Federal Income Eligibility Guideline chart.

Only one application is required for all children in the household and the information provided on the application will be used for the purpose of determining eligibility and verification of data. Applications may be verified at any time during the school year by the school or other program officials. An application for free or reduced-price benefits cannot be approved unless it contains complete eligibility information as indicated on the application and instructions. In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age, or disability.

Families can apply for benefits at any time. If a household member becomes unemployed or if the household size increases, the household should contact the school.

Such changes may make the children of the household eligible for benefits if the household's income falls at or below the Federal Guidelines. Contact the school at any time to request an application.

Under the provisions of the free and reduced-price policy, cafeteria management will review applications and determine eligibility. Parents or guardians dissatisfied with the ruling of the official may wish to discuss the decision with the determining official on an informal basis. Parents wishing to make a formal appeal for a hearing on the decision may make a request either orally or in writing to Mara Wayland, Assistant Superintendent for Business Services, 4510 North 37th Avenue, Phoenix, Arizona 85019, (602) 336-2985.

When known to Alhambra Elementary School District, households will be notified of their children's eligibility for free meals if they are members of households receiving assistance from the:

- Supplemental Nutrition Assistance Program (SNAP);
- Food Distribution Program on Indian Reservations (FDPIR); or
- Temporary Assistance for Needy Families (TANF), if the State program meets Federal standards.

An application is not required for free meal benefits for Assistance Program participants and all of the children in the household are eligible for free meal benefits. If any children were not listed on the notice of eligibility, or if a household does not receive a notice of eligibility, the household should contact the school to have free meal benefits extended to them. Participants in the Special Supplemental Nutrition Program for Women, Infants and Children (WIC) may be eligible for free or reduced-price meals, but they will need to turn in an application including household size and total income.

When known to Alhambra Elementary School District, households will also be notified of any child's eligibility for free meals if the individual child is considered "Other Source Categorically Eligible", because the child is categorized, as defined by law as:

- Foster
- Homeless,
- Migrant,
- Runaway,

- Enrolled in an eligible Head Start, or
- Enrolled in an eligible pre-kindergarten class.

If any children were not listed on the notice of eligibility, the household should contact the school about their eligibility through the list above, or should submit an income application.

Households notified of their children's eligibility must contact the school if the household chooses to decline the free meal benefits.

For more information, you may call the Child Nutrition Department at 602-336-2985.
